

Dear Parents/Guardians,

In an effort to keep our students safe and healthy, only pre-packaged foods from this list will be used to celebrate birthdays or holiday celebrations. There are specific brands to choose from because at present they are considered safe from nut products (all items can be found in your local supermarkets). The foods listed below may contain other allergens such as soy or wheat. Any foods brought in that are not on this list may not be used and will be returned (this includes any home-made items). Teachers will receive a copy of this list to refer to.

Parents of students with food allergies are required to sign a permission slip granting their child permission to consume the foods listed below (will be sent home once the nurse is notified of your child’s allergy). Exceptions may be specified on the permission slip. If students do not have permission to consume the foods listed below or there are limitations, parents could supply a “party box” with acceptable healthy treats for their child with allergies.
